Catch up on the latest news for the Watlington Neighbourhood Plan proposals.

The Neighbourhood Plan Forum & the Parish Council have agreed that the following items are essential elements of the Plan:

Traffic

- The B4009 will be re-routed around Watlington to the north west.
- This is in line with strategic infrastructure being considered by SODC.
- The new section of the B4009 will be a country road, not like a bypass.
- The HGV 7.5t limit will still apply to all through traffic.
- There will be less congestion & better air quality.
- There will be new ways of managing traffic through the town.
- The town centre will be much nicer for residents & visitors.
- There will be new cycleways & footpaths.

Housing

- There will be at least 200 new homes.
- Most development will be on sites linked to the new road.
- The 2016 Housing Survey will guide the mix of new homes.
- 40% of all new homes should be for 'affordable' rents or part ownership.
- New housing should be designed to fit in well with the character of Watlington.
