

Watlington Traffic Management Plan Event

Saturday 3rd February 2018

A cold and wet Saturday morning still enticed 161 attendees to the Watlington Traffic Management drop-in exhibition where various aspects of traffic issues and management ideas were on display.

From the 130 questionnaires completed, those features that ranked 1 – 4 inclusive and from the 493 marked, the most popular measure was the introduction of a 20 mph speed limit followed by the use of ANPR in respect of enforcement and the least popular was the introduction of speed bumps.
